

D-87-M036-BLACK

Antibacterial Silicone
Waterproof Laser Wireless
Mouse

A fully sealed, wireless, laser diode optical, can be washed or wiped with most antibacterial, alcohol-based, or chlorine-based agents.

DESCRIPTION

The 5-button wireless laser mouse is a rugged and waterproof option made of silicone. It employs 2.4 GHz digital radio frequency technology, ensuring automatic and efficient synchronization between the keyboard and receiver. With an impressive working range of up to 10 meters (30 feet), this device provides ample freedom of movement. Furthermore, its rubberized surface offers a high level of comfort during use.
